## NOW IS THE TIME TO TAKE NU-VIM IRON TONIC

As Spring Comes on the Clogged-Up System Needs a Cleaning Out.

Nu-Vim is especially recommended as a spring tonic, for it is up to date as a blood purifier, which clears up the eyes and skin and makes a rich rosy complexion, and contains no narcotics or poisonous drugs, but rich in vegetable matter and the formula on every package. This is our biggest proof to you of its medicinal power. A large 12 ounce bottle. We ask you to compare it to other goods, and you will find it speaks for itself. You will miss a bet if you need a tonic and don't try Nu-Vim. Ask your nearest druggist and take. You will be bound to be benefited. Read what others say about Nu-Vim and what it did for them.

Mrs. Allen Keller, 588 Charlesway, Braddock, Pa., said: "I took my life in my own hands and went to the drug store in Braddock and asked for the best medicine in the store and they gave me Nu-Vim. Doctors had failed to do me any good. I could hardly walk, sleep or eat, had a bad stomach and yellow jaundice. I was in a terrible shape when I began to take Nu-Vim and it saved my life. I have used three bottles and such a change that has come over me I would hardly believe, and I am satisfied that I would have been in my grave today if it had not been for Nu-Vim. It is the greatest medicine ever made for it saved my life."

Mr. Robert Kellum, of 40 West Peachtree place, Atlanta, Ga., said: "For months I have been in a weak run-down condition, no appetite, sleepless and very nervous, and constipated. I used two bottles of Nu-Vim and I now am feeling fine—all my ailments have passed off. I sleep and eat good, and digest my food, and now gaining in weight. Nu-Vim is a wonderful tonic."

Mrs. L. Maenderback, of 2006 North Gratz street, Philadelphia, said: "My bow I suffered with my swollen hands and legs from rheumatism. I tried everything for it and got no help until Nu-Vim was brought to me and cleared up my system and blood. I have used three bottles and the pains and swellings are all gone. I feel fine and get around in good shape and don't suffer for I take Nu-Vim all the time."

Sold by all druggists and recommended by all People's Drug Stores.

## COAL PRICES WILL SOAR IN FEW DAYS

Wage Increase to Miners, Effective Tomorrow, Means Advance in Rates, Experts Say.

By DAVID M. CHURCH.  
Now comes the high price of coal. Soaring coal prices are expected to follow the lifting of Government restrictions on coal prices tonight. Within a few days coal prices will reach a level nearly equal to that of 1917, when prices were placed under the regulation of the Fuel Administration, according to the views of those here who are in close touch with the coal trade. The 27 per cent wage increase to the bituminous miners becomes effective tomorrow, and this fact, coupled with the lifting of restrictions on prices, is expected to advance bituminous coal prices from 50 cents to \$2 a ton. Representatives of coal operators denied there would be any effort arbitrarily to increase prices, and predicted that prices which may increase now will fall back during the summer months, when there is less buying. "There will be an increase in prices," said George H. Cushing, secretary of the American Wholesale Coal Association, "but the sum of

money that goes into the pocket of the producer and wholesaler will not be greater than it has been before. The increase will go into the pocket of the miner, under the higher wages that will be paid to him this year." Officials of the National Coal Association declared they would not make any statements about the probabilities of increases in coal prices. The season for making annual contracts for the delivery of coal starts tomorrow. There were no advance here today as to the extent to which new contracts have already been made, but it was learned that many of these contracts which have been entered into contain clauses providing for an increased price in the event of a wage advance to the coal miners. The Government's sole control of the coal market after tonight will be through restrictions upon exportation of coal, and it was declared here today that this control was sufficient to prevent a "run-away" market during the summer. It is estimated that the wage increases which the miners will receive will total \$200,000,000 and the larger part of this sum will be added to the nation's coal bill. President Wilson has given warning that there must be no profiteering in coal, and it is understood he stands ready to resume Federal control of the industry if prices become unreasonable.

## GALLI-CURCI HEARD IN PLEASING RECITAL

Famous Soprano Gives Program of Songs Enlivened By Several Popular Numbers.

Mme. Amelita Galli-Curci, coloratura soprano, assisted by Manuel Berenguer, flutist, and Homer Samuels as accompanist, gave a recital at Poli's Theater yesterday afternoon before the customary capacity audience. Stage and auditorium were filled, and to a program of music specially designed for the exploitation of her coloratura singing she gave as encores an additional Italian aria, the "Swanee River," "Love's Old Sweet Song," "Annie Laurie," and finally accompanied herself in the singing of "Home, Sweet Home." With flute obligato Mme. Galli-Curci gave the "Charmant Oiseau" from "The Pearl of Brazil" by David, and the famous "Shadow Song" from "Dinorah" of Meyerbeer. The cavatina from Donizetti's "Don Pasquale" and "Sovra il sen" from "La Sonnambula" of Bellini completed the list of pure and florid selections of the program. In addition the little diva gave songs in English, French, and Spanish. Mr. Berenguer gave as solo a flute concerto of Duvayer. A unique guide to further acquaintance with the art of Mme. Galli-Curci, were the foot notes telling which of her arias were in the catalogue of the Victor records. J. MacB.

## STIFF POKER GAME RUN BY JAIL, SAY PRISONERS

House "Kitty" of \$300 a Month Appropriated by Officials, Court Is Told.

INDIANAPOLIS, Ind., March 30.—Prisoners in the Marion county jail

here were relieved of tedium—and other things—in an official poker game. It was charged in Federal court today. Prisoners told Federal Judge A. B. Anderson the men who played were favored. Men who did not were forced to mop floors and do other menial work, they said. Hours for the games were 5 to 9 p. m., with a "kitty" for the house they testified. The "kitty," one month was \$300 which the jail officers appropriated the prisoners charged.
